[For the purposes of this declaration, substances restricted only in certain product types or situations need NOT be reported in other product types or situations. For instance, formaldehyde is only restricted in composite wood products; otherwise, it does not need to be reported. However, substances restricted without reference to specific product types or use situations must always be reported.]

If no products contain any of the restricted substances, this option must be selected:

Checking this box certifies that none of the products referenced above contain any substances currently restricted under TSCA.

OR, if any products contain any restricted substances, this table must be completed. Each product listed contains one or more restricted substances, either without exemption or with the listed applicable exemption(s).
